Erasmus Mundus Masters and Doctoral Courses A Programme of Excellence

Erasmus Mundus is a programme established by the European Commission.

Erasmus Mundus stands for:

... **116 joint Master** programmes and **13 joint Doctorates** all over the world covering all fields of studies

... cooperation of at least **3 universities** in different European countries

... more than **8000 students** from more than **137 countries**

With its limited number of students admitted through a competitive selection process, the Erasmus Mundus Courses are designed as a programme of excellence.

Erasmus Mundus promotes an international, intercultural and interdisciplinary exchange of students from all over the world.

Erasmus Mundus Masters and Doctoral Graduates ...

... are used to work
in a multicultural environment.

Students in Erasmus Mundus Masters and Doctoral Courses come from all over the world.

... are used to work
in an interdisciplinary environment.

Each programme is configured for students with various academic backgrounds who share an interest in a specific topic. This creates an objective point of view, a wealth of experiences and a realistic approach to real-world challenges.

Erasmus Mundus Masters and Doctoral Graduates ...

... have experienced the great academic and cultural mobility within Europe.

... have studied in at least two EU countries.

... are fluent in at least two languages.

... are linked through a common network: Erasmus Mundus Association.

Quality - Mobility - Opportunity
